Product dimension: 175x81x24,5 mm
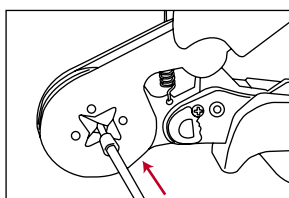

How to Use

0,25–6,0 mm² (AWG 23–10)

① Strip the wire to proper length and insert the wire into ferrule terminal.

② Squeeze the handles together to open the tool.

③ Insert the ferrule into the die profile.

④ Close the tool slightly until the ratchet engages in the end.

⑤ Release the handles, the ferrule terminal is tightly crimped with the wire.
