Hi-Speed USB Active Extension Cable

Daisy-Chainable, A Male / A Female, 10 m (33 ft.)
Part No.: 150248

Easily overcome distance limitations to connect USB devices.
Use the Manhattan Hi-Speed USB Active Extension Cable to connect a computer USB port to a USB device almost anywhere in the room. Up to three daisy-chainable cable extensions provides a convenient, 30 m (99 ft.) connection. Manhattan Hi-Speed USB Active Extension Cable with built-in repeater is fully compliant with USB 1.1 and Hi-Speed USB specifications to help devices operate at maximum performance levels. Plug-and-play capability, Windows/Mac versatility and no external power or driver requirements help provide greater flexibility in computer and peripheral placement and office layout.

Features:

- Extends and boosts the signal to any USB device – supports data transfer speeds up to 480 Mbps
- Built-in repeater helps maintain Hi-Speed USB signal quality, electrical and timing specifications
- Overcomes the 5m (16-ft.) USB distance limitation – ideal for connecting enclosures and other peripherals
- Daisy-chain up to three extensions for a total distance of 30 m (99 ft.)
- Plug and play; Windows and Mac compatible; bus power requires no external power supply
- Lifetime Warranty
